

Moon Time – Chords of Truth

D Bm G D G D A 2x

D Bm G D G D A

The earth is held in place by forces, unseen courses in space
Our lives respond to a planet, that is planted in our embrace
It accounts for tides and cycles, steady orbits and light
It circles around us and gives direction, provides perspective in plain sight

Chorus:

We're talking about

Moon Time, Moon Time

Moon Time, has rhythm and rhyme 2x

D Bm G D G D A

Years consist of thirteen twenty eight day cycles, forming the framework to use
Evolutionary systems of adapting, to survive and reproduce.
Life as we know it is only possible, from the resulting stability.
It has a mass of force not visible, using what we call gravity

Chorus

D Bm G D G D A

Time is a construct of fleeting moments, relative motion in zones
We flow through the space time ether, in this suit of skin and bones
Connecting with what surrounds us as we dance with what's in range
Harmony can be realized enhancing our exchange

Chorus A
